ABOUT PRO TRADES TRAINING CENTRE

Pro Trades Training Centre was created to provide proper hands-on trade training based on real industry experience – not just classroom learning.

Our courses have been designed by the owner of a bathroom installation company that has completed over 600 bathroom and renovation projects across Bedfordshire, Hertfordshire and Buckinghamshire. Unlike many training centres, our courses are based on how the job actually works on site, including installation methods, working efficiently, pricing jobs, dealing with customers and starting your own business.

Our training workshop is set up with individual bathroom bays that simulate real bathrooms, allowing students to gain real hands-on experience.

Learn real skills from real industry experience.

WHY LEARN A TRADE?

Job Security

Skilled trades are always in demand and cannot be replaced by technology or outsourced overseas. Bathrooms, plumbing and tiling will always be needed, making trade skills one of the most secure career paths available.

High Earning Potential

Skilled bathroom fitters and tilers can earn between £40,000 and £80,000 per year, and many earn more once they are experienced or running their own business. Your income is based on your skill, speed and work quality.

Self-Employment Opportunities

Learning a trade gives you the opportunity to work for yourself, choose your own jobs, set your own prices and build your own business instead of working for someone else.

Property Renovation Opportunities

Many people learn tiling and bathroom fitting so they can renovate properties, flip houses, improve rental properties or complete their own home renovations and save thousands of pounds.

Start Your Own Business

Many tradespeople go on to start their own companies. Learning tiling or bathroom fitting can be the first step towards building your own business, employing others and growing your income over time.

“A trade is a skill nobody can take away from you. Once you learn it, you can use it for the rest of your life.”

**Skilled Trades Can Earn
£40,000 – £80,000+ Per Year**

PRO TILING COURSE

2 WEEK INTENSIVE TRAINING COURSE

Our Professional Tiling Course is designed to take complete beginners and teach them the skills required to complete wall and floor tiling to a professional standard.

This course is heavily practical and based on real installation methods used in the industry. Students will learn surface preparation, tile setting, cutting, grouting and finishing, as well as pricing jobs and how tiling work is completed on real projects.

Students will complete multiple tiling projects during the course and will gain confidence using professional tools and materials.

Course Details

- **Course Length: 2 Weeks**
- **Days Per Week: 5 Days**
- **Hours Per Day: 9 Hours**
- **Maximum Students: 15**
- **Materials Included**
- **Tools Provided**
- **PPE Provided**
- **CPD Certificate Upon Completion**

Course Price

£1595

Deposit £500

“By the end of this course, you will be able to complete wall and floor tiling to a professional standard.”

No Experience Required – Beginners Welcome

PRO BATHROOM FITTING COURSE

2 WEEK INTENSIVE TRAINING COURSE

Our Professional Bathroom Fitting Course is a comprehensive course covering the full bathroom installation process from start to finish.

Students will learn plumbing, pipework installation, bathroom installation, tiling, carpentry and the full bathroom refurbishment process. The course is heavily practical and based on real installation methods used on real bathroom projects.

Students will work in individual bathroom training bays that simulate real bathrooms and will complete bathroom installations during the course, giving them real hands-on experience.

This course is ideal for anyone looking to start a career in bathroom fitting, property renovation or self-employment.

**Bathroom Fitters Are In High Demand Across
The UK**

WHAT YOU WILL LEARN

Tiling Course

Students on the tiling course will learn:

- Surface preparation
- Boarding walls
- Waterproofing and tanking
- Setting out tiles
- Wall tiling
- Floor tiling
- Tile cutting
- Patterns and layouts
- Grouting
- Silicone finishing
- Fixing common tiling problems
- Pricing tiling jobs
- How tiling work is completed on real projects

Bathroom Fitting Course

Students on the bathroom fitting course will learn:

- Bathroom installation process
- Plumbing basics
- Pipework installation
- First fix plumbing
- Second fix plumbing
- Installing baths
- Installing shower trays
- Installing toilets and basins
- Stud walls and boxing in
- Boarding walls and floors
- Waterproofing and tanking
- Wall and floor tiling
- Silicone finishing
- Bathroom refurbishment process
- Pricing bathroom jobs
- How bathroom projects run from start to finish

“ You are not just learning one skill – you are learning a full trade. ”

**Hands-On Training With Real Tools And
Materials**

HOW THE COURSES ARE TAUGHT

Our courses are designed to be heavily practical, because trades are learned by doing – not just by watching.

Each course includes:

- Classroom theory sessions
- Demonstrations
- Hands-on practical training
- Individual bathroom training bays
- Tool training
- Real installation scenarios
- Problem solving
- Business and pricing guidance

Students spend the majority of the course working with tools and materials, gaining real experience and confidence.

“We teach how the job actually works in the real world.”

Learn By Doing – Not Just Watching

A TYPICAL DAY ON THE COURSE

A typical day at the training centre includes a mixture of theory, demonstrations and practical work.

Morning

- Theory session
- Demonstration
- Tool training

Midday

- Practical training in workshop bays
- Installation work

Afternoon

- Practical work
- Problem solving
- Finishing work

End of Day

- Practical work
- Problem solving
- Finishing work

“Most of your time will be spent working hands-on and gaining real experience.”

Students spend most of the course completing hands-on practical work.

Real Training For Real Jobs

TOOLS & EQUIPMENT TRAINING

During the course, students will learn how to use professional tools and equipment used in tiling and bathroom installation.

Students will gain hands-on experience using tools including:

- Tile cutters
- Mixing drills
- Laser levels
- Spirit levels
- Pipe cutters
- Power tools
- Hand tools
- Silicone guns
- Measuring tools
- Installation tools

Learning how to use tools correctly and safely is a key part of becoming confident and efficient in the trade.

“Confidence with tools comes from hands-on experience.”

Learn Using Professional Tools And Equipment

WHY OUR COURSES ARE DIFFERENT

Our courses are different from many training centres because they have been designed based on real bathroom installation and renovation projects, not just classroom theory.

The courses have been created by the owner of a bathroom installation company that has completed over 600 bathroom and refurbishment projects, meaning the training is based on how the job actually works in the real world.

Students are trained using real installation methods, real tools and real working practices used on site every day.

What Makes Our Courses Different

- Designed by industry professionals
- Based on real bathroom projects
- Hands-on practical training
- Individual bathroom training bays
- Small class sizes
- Student manual included
- CPD Certified courses
- Business and pricing guidance
- Learn how jobs run from start to finish
- Intensive training to build real skills quickly

“We teach how the job actually works – not just theory.”

Real Industry Training From Real Experience

WHAT'S INCLUDED IN THE COURSE

When you enrol on one of our courses, the following is included:

- Full training course
- Student manual to keep for life
- All materials included
- Tools provided during training
- PPE provided
- Hands-on practical training
- CPD Certificate upon completion
- Business and pricing guidance
- Ongoing advice after course

“Students do not need to bring tools or materials – everything required for the course is provided.”

Real Industry Training From Real Experience

EARNINGS & CAREER OPPORTUNITIES

Many people complete our courses to:

- Start a new career
- Become self-employed
- Start a property renovation business
- Add skills to their current job
- Work in construction
- Renovate their own properties
- Start their own business

Skilled bathroom fitters and tilers are in high demand across the UK, and there is currently a shortage of skilled tradespeople.

With experience, bathroom fitters and tilers can earn:

£40,000 – £80,000+ per year

- Your earnings will depend on:
- Your experience
- Your work quality
- Your speed and efficiency
- Whether you work for a company or yourself
- Your reputation and customer base

Many tradespeople increase their income over time as they gain experience and build their own business.

“ Learning a trade can completely change your career and income. ”

A Trade Can Change Your Future
